  - used in a way that is adequate, relevant and not excessive
  - accurate and up to date
  - kept on file for no longer than is necessary
  - processed in line with an individual's legal rights
  - kept securely
  - adequately protected if transferred to other countries

### **Parental Consent**

- Written permission from parents or carers will always be obtained before images/videos of children are taken, used or published by the school.
- Written parental consent will always be sought to take and use photographs offsite for professional, marketing and training purposes. This may be in addition to parental permission sought for onsite images.
- Written consent from parents will be kept by the setting where children's images are used for publicity purposes (such as brochures or publications), until the image is no longer in use.
- A record of all consent details will be kept securely on file. Should permission be withdrawn by parents/carers at any time, then all relevant images will be removed and disposed of and the record will be updated accordingly.

### **Safety of Images and Videos**

- All images of children taken and processed by or on behalf of the school will take place using school provided equipment and devices.
- Staff will receive information regarding the safe and appropriate use of images as part of their safeguarding training and responsibilities.
- All members of staff (including volunteers) will ensure that all images are available for scrutiny and will be able to justify any images in their possession.
- The DSL reserve the right to view any images taken and/or to withdraw or modify a member of staffs' authorisation to take or make images at any time.
